- Frontend Development
- JavaScript
- Non relational database (MongoDB)
- Test Driven Development
- HTML / CSS
- Cloud Computing (AWS)

- Backend Development
- React
- Node
- Version Control (git)
- Object-oriented programming

EXPERIENCE

FULL STACK DEVELOPER MyFlix Movie App

Bayern   *September 2023 - October 2023*

- Created a Single Page Application (SPA) with a client-side and server-side from scratch

- Developed a responsive web application with React, that supports CRUD functionality and incorporates API testing with Postman, resulting in a user-friendly interface which allows its users to signup, browse different movies, and update their user info.

- Built a RESTful API with Node JS and Express, that communicates with a non-relational database (MongoDB) to store user data

FULL STACK DEVELOPER Meet App

Bayern   *October 2023 - December 2023*

- Developed a Progressive Web Application (PWA) that was programmed with React following a test-driven and behavior-driven approach

- Implemented unit function testing with Jest and end-to-end testing with Puppeteer resulting in a fullytested web application which allows its users to filter for events using the Google Calendar API.

- Integrated a serverless backend with AWS lambda for authentication and authorization of users

FRONTEND DEVELOPER Floor To Ceiling LLC

Georgia   *January 2023 - June 2023*

- Developed the company's online user interface (UI) and implemented client-side changes to improve user experience (UX)
- Programmed responsive navigation bar, contact form, and image slider, leading to a fully responsive single page application (SPA).

NATURAL GAS TECHNICIAN Southern Company Gas (SCG)

Georgia   *February 2021 - June 2022*

- Increased daily service goals by 3% by developing data visualizations charts using Tableau, which helped depict the growth of our future customer base
- Increased customer satisfaction through the recording of newly constructed gas meters using documentation software.

SALES ASSOCIATE Sam's Club

Georgia   *September 2014 - June 2014*

- Increased membership sales by 94% by offering a special discount
- Provided outstanding customer service to more than 400 members weekly, increasing membership count from previous year.

EDUCATION

FULLSTACK WEB DEVELOPMENT

CareerFoundry (CF)   *March 2024*

BACHELOR OF SCIENCE IN KINESIOLOGY

Georgia Gwinnett College (GGC)   *January 2019*
